

靈修六原則

曲：丁國翔

詞：國立臺灣大學生命教育研發育程中心

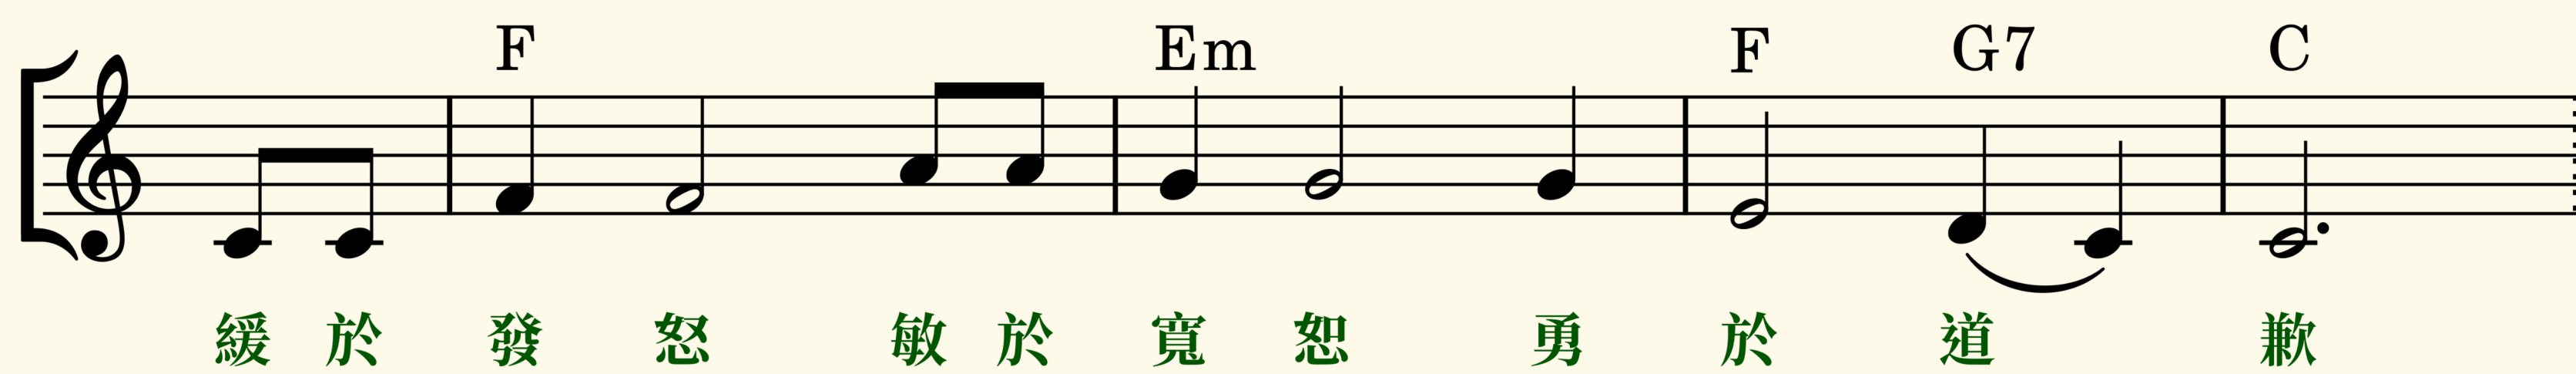

See in everyone the nature of God or Buddha and that of a human.

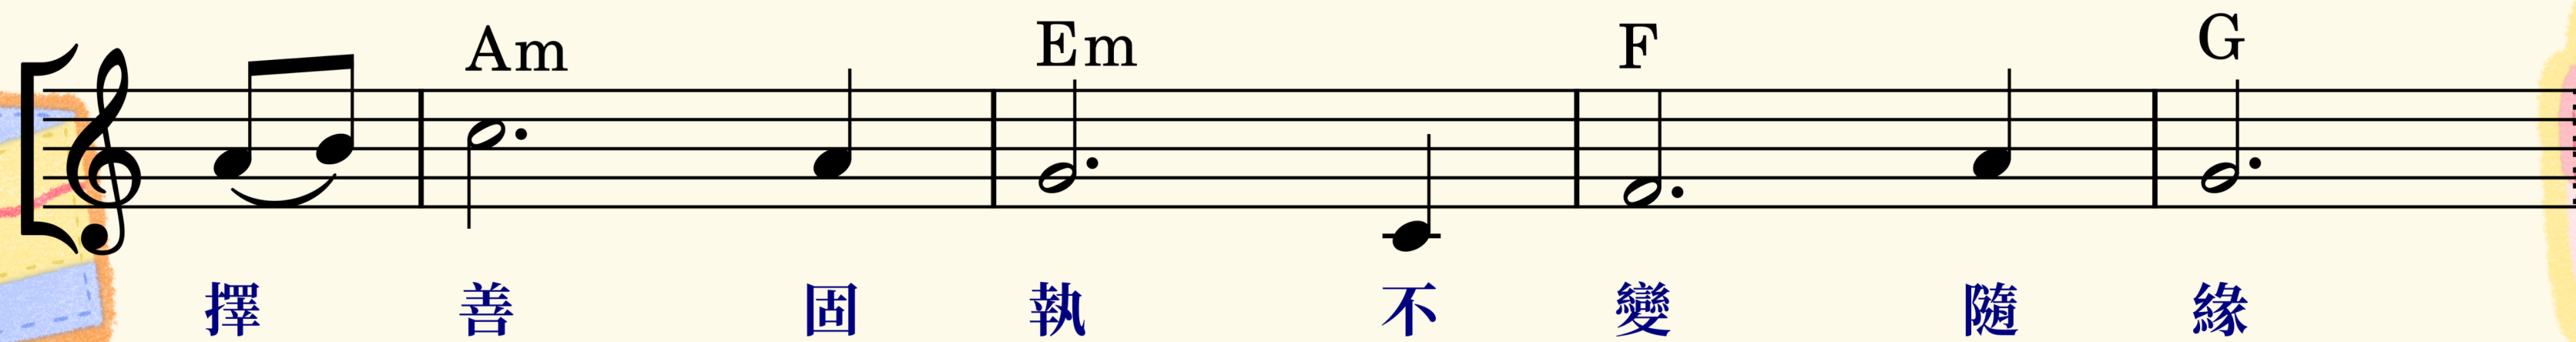

Be the first to love and give.

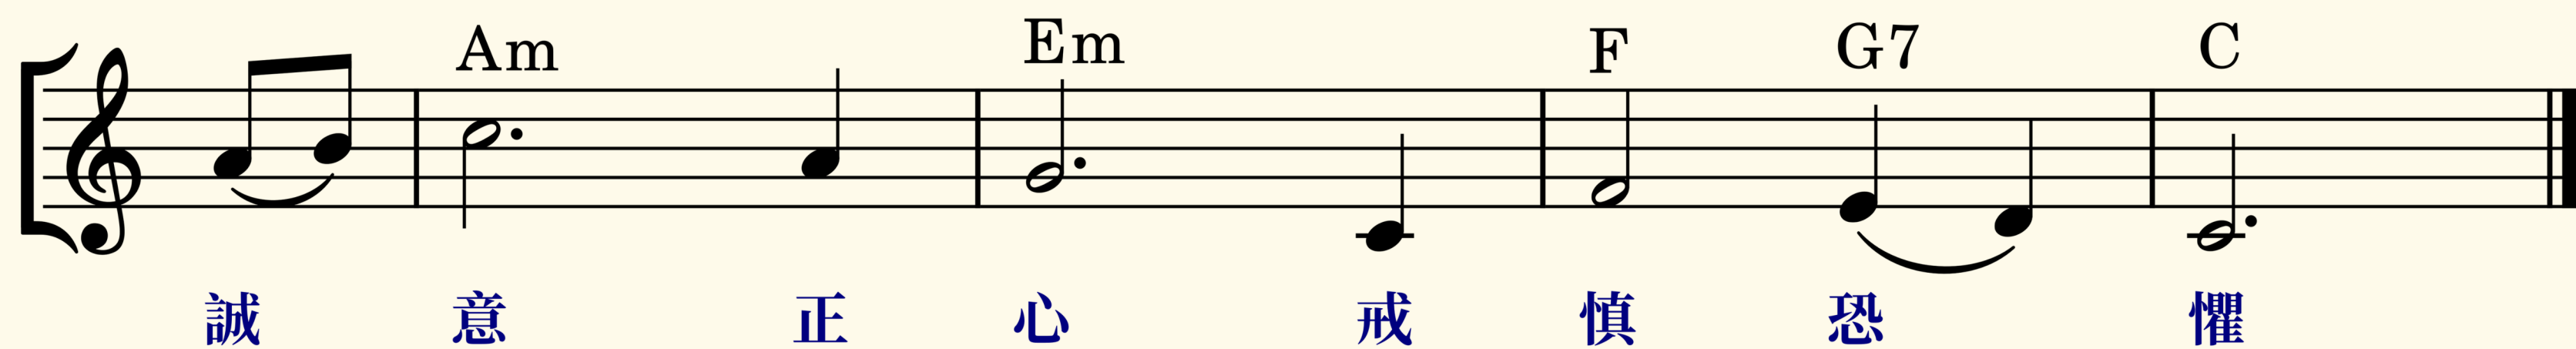

Give people confidence, joy, and hope. Provide them with convenience.

Be slow to anger and swift to forgiveness. Be brave enough to apologize.

**Choose what is good, and stick to goodness.
Stay unchanged, yet accept what comes according to circumstances.**

Rectify the mind and make the will sincere. Stay vigilant and prudent.
